INTRODUCTION

Westmetal Products ... yes, you've heard the name before. We are the Number One Metal Products Company in the Western Suburbs.

Westmetal Products was established in 1981 by two brothers who felt there was a need for a metals/engineering fabrication shop that could service the vehicle industry in providing solutions for their storage needs. As the company developed, they increased their client base and became quite successful in their craft.

In 1987, the company was sold to a business whose background was in the motor body building industry. The combination has proved to be very successful with Westmetal picking up more clients through this partnership.

PARTNERS

Westmetal Products has worked on many large contracts with government bodies as well as providing service to our "smaller" clients. Some of our contract partners have been;

- Roads and Traffic Authority (RTA)
- State Rail Authority (SRA)
- Telstra
- Integral Energy
- Energy Australia
- State Waterboard ... plus many others.

PRODUCTS

To give you an example of what we do, we specialise in;

- Roof Racks
- Toolboxes
- Under Body Boxes
- Slide Out Draws
- Adjustable Shelving
- Reservoir Tanks
- Trundle Trays
- Bull Bars ... and much more !

Also, we can custom design virtually anything to meet the requirements of you and also *your* customers.

We manufacture from;

- Aluminium
- Steel
- Stainless Steel

With our facilities at our manufacturing base at Smithfield, we have a full work capacity including sheet-metal work, welding, brake-pressings etc.

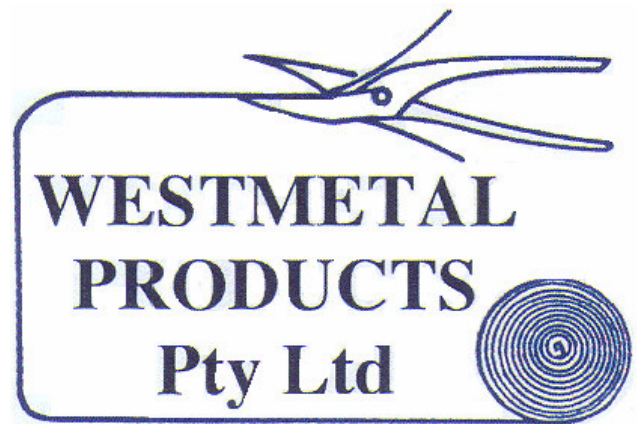

Westmetal Products Pty Ltd is one of the names that the vehicle industry in Sydney has come to rely on over the years. Fabricating a wide variety of products, Westmetal has earned the reputation of being the company you can trust for solid workmanship at a sensible price.
